HIRING RECOMMENDATION

HIRE — STRONG CANDIDATE

Mechanically and ethically sound for the floor. Recommend pairing onboarding with structured guest-interaction development — the one domain scoring below the candidate's overall standard.

TURNING TIER 1 INTO TOP LINE

This dealer protects the game and controls the table — but the softest domain, **behavioral traits and guest fit**, is the one that most directly moves guest experience, toke income, and repeat play. Closing that gap is exactly what the **Win-Win-Win Performance System™** is built to do.
